HAVE REMOVED TO

NOS. 59 AND 61 HOUSTON ST.,

Between Fakes & Co. and L. N. Brunswig.

Kneeland, Littlejohn & Martin, FORT WORTH,

INSURANCE AND REAL ESTATE AGENCY.

Assets of Insurance Companies represented over \$120,000,000. Fire, Life and Acciden Policies issued. Texas Lands and City Property bought and sold. Taxes rendered and patd. Houses renest. Correspondence solicited.

C. H. REMINGTON, Contractor and Builder

Plans, specifications and estimates furnished on application. Office and Shop on Houston between Fifth and Sixth Streets.

AUSTIN.

Continued From First Page.

Mr. Jones offered an amendment to prevent the charging of one person more than another for the same service, which was adopted by ayes 46

mays 42.

The question then recurred on the engressment of the bill on which Mr. Foster of Limestone moved a call of the house. The call was seconded

and the house was not full.

Pending the call the bill amending the law setting aside three hundred. leagues of land for unorganized coun was taken up and passed.

The absentees were excused and the bill was then on engrossment upon which Mr. Gibson took the floor and replied to Mr. Chenoweth's remarks this morning, relative to his (Gib-on's) ambilion to be licutenant governor. He disdained any ambition in that direction and said this would be his last term in the Mr. Chenoweth had ambition. He (Gibson) hoped for the full frution of those hopes. His speech was graceful and under the circumstances and provers. Fresh bacon ocation, remarkably even tempered. The substitute was then ordered engrossed by ayes 70, nays 16. After which the house adjourned.

Notes. The discussion in the senate this evening on Mr. Gibbs' surveyors bill brought out a certain petition and telegram sent the commissioner of the land office last August, calling his attention to alleged land frauds in Wheeler county. This stirred up the feelings of some and produced a de bate and display of temper anything but creditable to the senate.

Quite an excited scene occurred in

the corridor of the house this morning,

consequent upon a threatening personal rencontre between General Homeley, one of the penitentiary lessees and Mr. J. E. Thompson, Austin correspondent of the Galveston News, because of a paragraph in yes-terday's issue of that paper telegraphed from Austin and was construed to reflect personally upon Homeley. The paragraph alluded to, intimated rather strongly that the firm of Morrow, Homely & Co. is, or was in some man-ner connected with the Polk defalcation in Tennessee. Very hard words were used by Homeley who denounced the paragraph as maliciously false, Colonel Belo of the News being present, he with other triends of concerned repaired to room where matter was satisfactorly adjusted, the News man, it is said promising the amende honorable. The objectionable paragraph was the outcome of an irresponsible rumor which the GA-ZETTE rejected as long ago as last Monday because of its questionable character and lack of authenticity. It is not positively known how the report reached Austin, but it is unfunded in particulars as was demonstrated to the GAZETTE reporter by an examination of the proceedings of the Polk investigating committee, sitting at Nashville, published in the papers of the latter city.

With the amendment of Message

Nash and Jones fastened on to it the handsomely decorated for to-morrow, substitute bill is almost as strong as the Chenoweth in its amended state For this reason the railroad men are not already as happy as they might be,

As an indication of the perfect unantidity of the Texas legislature, it may be stated that during consideration of the land bill in the house, only eighty-eight amendments of one kind or another were offered to that measure.

The house got tied up un der previous question and a call this afternoon and could not adjourn till about dark. A change was made to-day in the Daily Statesman, by which W. P. Gaines becomes the sole proprietor. Colonel Cardwell will remain with the paper.

BELTON.

Belton, March 23.—The entire amount of money required to start an eight-inch cotton compress was raised to-day and the same will be ready by the beginning of the next cotton sea-son. Substantial improvemets are steadily going on here and all new business houses and dwelling are rent-ed readily at good prices.

The weather is warm and rainy to-
